

This Form 99 response is in response to the Commission's letter dated January 6, 2010. The debt to AT&T on Schedule D of the Committee's December Monthly Report was originally paid by payments on January 7, 2009, for \$1559.14 and February 12, 2009, for \$1919.71. The debt was not decreased at the time these disbursements were reported and was, thus, removed from the Committee's December Monthly report.
